

A Barnes & Noble Booksigning Lecture
in Burlington, VT

An Evening with Michael J Tamura

Clairvoyant Visionary, Spiritual Teacher, and Award-Winning Author of **You Are The Answer: *Discovering and Fulfilling Your Soul's Purpose***

Thursday, September 23, 7:00 PM - 9:00 PM
Awakening to your Soul Purpose and Healing

Life has been quite a “different” experience for Michael Tamura than for many of us: Spiritually aware from the time he was a small child, he sees us as the souls that we are. Furthermore, he has many past-life recollections, teaches people while sleeping at night, has been instrumental in the healing of many and has physically died twice in this lifetime while fully conscious of himself spiritually.

Born and raised in Japan, yet educated in American schools, Michael has spent a lifetime bridging gaps: Not only between East and West, but between men and women, young and old, heart and soul, mind and body, life and the afterlife – and, above all, between humanity and divinity.

Michael Tamura awakens souls. With compassion, humor and wisdom, he illuminates our way home. For him, every step along the path offers an opportunity for spiritual healing and the fulfillment of our purpose. From his thirty-five years of teaching and healing experience, he will share with us his insights about the nature of the true purpose of our soul and how we can fulfill it and profoundly heal ourselves along the way. He will also show us a couple of simple but powerful spiritual tools on how we can nourish and restore our own spirit while we serve our community.

Psychic Tools for Manifesting The Miracle

We are living in the most extraordinary of times and the Great Shift in human and planetary evolution is definitely underway. Although no one knows exactly what is going to happen in the coming couple of years, almost everyone feels that something huge and unprecedented is looming in the very near future. It is absolutely time to take stock of your life, your vision, and your priorities, but fear not. Individually and collectively, we are in for not a rude, but an amazing awakening. The only question is, "Are you ready?"

2012, fulfillment of the prophecies, and ascension are not far from you. Do not look outside of yourself for them and wait for their arrival in the future. The best way you can prepare yourself for all that is to come is to start living the miracle that is within you now. Already, in the world and in our personal lives, traditional solutions to problems are often proving to be inadequate. We can no longer merely rearrange the furniture and hope to cure the ills of our society. We need a fresh start. And, it's not only possible, it's a necessity. We need miracles - lots of them!

Living the miracle means to start living the limitless and timeless life of the soul, here and now on earth. You are already that immortal and divine soul within which is all the answers you need. You just have to live who you truly are much more fully, every day. To help you do just that, we are offering two extraordinary all-day seminars. We welcome you to join us.

In Saturday's seminar, learn about the true nature of the Shift we are undergoing personally and globally and develop your spiritual toolkit to help you surf joyously and gracefully on the tsunami of changes already underway. Explore your life from a new perspective and discover what it means to fulfill your purpose as an immortal soul.

Then, on Sunday, you'll explore what a miracle really is and where it comes from. You will also learn many simple but powerful psychic tools to help you begin manifesting many more miracles in your life. It's absolutely the time to start living the miracle that is the destiny of all of us. We'll see you there!
