Living In The Key of Joy:
From Being (Too) Sensitive
to Enjoying a Soul-Centered Life - Now!

Mit dem Schlüssel zur Freude leben:
Von (übermässiger) Feinfühligkeit
zu einem seelenzentrierten Leben – jetzt!

If the members of an orchestra failed to play in the right key, they would produce cacophony rather than the beautiful symphony that the composer intended. Likewise, if we do not live in the correct key meant for immortal souls by our Creator, we will experience lack, struggle and suffering. The question we need to ask, then, is, “What is the right key for us to live in?” The more we awaken to our true self, the more we will come to discover that we are meant to live joyously - not just on rare occasions, but, all of the time! So, why don’t we?

When we begin to seek within and become more aware of our spiritual nature, what we find is so vast that most of us become overwhelmed, even afraid, at first. We more often than not, unknowingly end up fighting ourselves rather than joyously celebrating our newfound radiance. As we begin to discover that we may be a limitless psychic soul, rather than merely a body, an intellect or a personality, we may experience that as being more sensitive than many people around us. Initially, we may experience feelings, thoughts and psychic energies that others seem to ignore or dismiss as not real. It may even be confusing to feel what others are feeling within themselves or think what others are thinking in their own minds. Yet, when these experiences happen, we are becoming increasingly more aware of the vastness of our psychic or soul life. We may call this process our psychic development. We may become more clairsentient and feel what others are feeling. We may become more telepathic and “hear” others’ thoughts in our own head. We may clairaudiently start hearing the voices of our spirit guides and guardian angels. We may begin to see clairvoyantly people’s auras, other souls, or glimpses of our past incarnations. We may just intuitively know many things that we
never learned about previously. Or, we may even find ourselves having an out-of-body experience through our innate mediumship abilities. These are all just natural phases of awakening to our own soul life.

So, to fully live in the key of joy, we need to learn to develop our awareness and manage our relationship to all that we experience as an immortal soul living in and through a mortal body. We need to progress steadily from merely being sensitive - or even too sensitive - to fully being able to live our limitless soul life that we are meant to celebrate and enjoy.

We welcome you to join us for this extraordinary evening workshop to do exactly that with renown spiritual teacher and clairvoyant visionary, Michael J Tamura, beloved around the world for his profound wisdom and joyful laughter. The award-winning author of YOU ARE THE ANSWER (Wozu Sind Wir Hier? With compassion and humor he teaches through delightful stories of his remarkable experiences, mind-expanding clairvoyant insights into the nature of the soul, step-by-step instruction on using your psychic abilities, guided psychic exercises and practices, and, above all, through cultivating a sanctuary in which you can experience your own inner being. Be Your Psychic (Soul) Self:
*How to Discover Your Own Truth, Heal Yourself, Share Your Love and Live Your Purpose*

Sei Dein Seelenselbst:
*Entdecke Deine eigene Wahrheit, heile Dich selbst,*
*gib Deine Liebe und lebe Deine Bestimmung*

One evening, early on in my life as a spiritual teacher, I was concerned about whether I would be able to offer my best teaching to the group that had gathered. I was to speak before a large crowd of complete strangers, in a city I had never taught in previously, on a day that I was not feeling well. As I prepared to walk up to the stage, a voice within me said to me, “Just be yourself.” It was as if the lights went on in a darkened theater at the same time a load lifted from my shoulders. I just had to be myself. No more, no less. After all, I couldn’t be anyone but myself! Yet, I realized that I was trying to be better than what I imagined myself to be. All the stress and worries were from that. If instead, all I had to do was be myself as I was, everything was fine already. I couldn’t lose. I couldn’t fail. After my presentation, people lined up to tell me how much they gained from my talk that evening.

Since then, I’ve re-learned that same lesson many times. Whenever I found myself worried, stressed, ill, struggling or in any way not exceedingly happy, I would remind myself to just be myself. And, the more I would become myself as I truly was, all of the effort and uneasiness would depart from my experience.

Yet, in the world, I find that most people have a difficult time just being themselves. Few understand what it means to be themselves. Rather than just simply being as they truly are, as spirit, they try to figure out intellectually what it means to be themselves or who they might really might be. Some become afraid to just let themselves be as they are because they imagine themselves as not being good enough as they are. They imagine that they are somehow lacking.

How can you be lacking in any way when you are a limitless and eternal soul? But, almost everyone experiences something lacking in him or her self. When you do, then, you are not being your true soul self and you need to learn to look within your own psychic being to discover who you are. That is the process of your psychic development.
Being psychic means learning to live as your eternal soul self. As you develop psychically and grow spiritually, you begin to expand your awareness to include even experiences that you never thought possible or that you could ever have. You may access more of your past-life information, for example, or start seeing people’s auras and their inner lives. You might communicate directly with your spirit guides, teachers and angels, heal yourself deeply, intuitively know much more than you’ve consciously learned or relate to everyone more intimately and completely. These are but a few of your true inner abilities and facets of your awareness that you discover as you are able to just be and live more and more as your soul self. As you do so, you will begin to experience life as the miracle that it truly is.

If you would like to learn how to discover your own truth, gain the psychic tools and spiritual practices to deeply heal yourself, be able to express and share much more of the love that you know you have within you and more fully live your soul purpose every day, this extraordinary weekend seminar will be invaluable to your progress. I welcome you to join me and a gathering of kindred, loving souls to help yourself along your path of awakening and fulfillment.

May the light of truth shine upon your every step and God’s Love guide you in your every choice as you continue your journey home. With gratitude, love and laughter,

Michael
