Sunday, May 29

Dear Friends and Awakening Souls,

We are certainly living in challenging times. If you're like me, you might be supremely grateful that whatever is happening in your life is a piece of cake compared to what millions around the world are going through. It seems that every day, there are new or increasing waves of tragedies. Whether you have been directly impacted by the various challenging situations happening in the world or you're finding it quite distressing and difficult just learning about it all every day, life goes on. What are you to do, not only to cope, but to be a part of the solution, a part of the healing?

To provide some answers and solutions to that question, especially for those of you who are healers-at-heart and deeply interested in helping others, both close to you and around the world, we're offering this weekend of teleclasses and a bonus gift Zoom Q&A and Social. To access your true inner creative power and be able to offer the healing help that the world so needs for today and the foreseeable future, you have to be able to first find your joy, especially in such trying times. So, we've put together a set of four teleclasses and the gift Zoom gathering to explore the enormous transformative power of compassion, gratitude, and forgiveness, and how you can harness that creative power within you. It's time to be joyous and offer more joy to the world!

May the Light of Truth Continue to Illuminate Your Path and the Love of God Guide You In Your Every Choice!

With gratitude, love, and joyous celebration of life,

Michael

TSW22-5 TC1-Looking For Bliss When The Going Gets Tough

You Are The Joy You Are Looking For

"When the going gets tough, the tough get going." The proverb has been repeated countless times, first by coaches in the locker-rooms of various college football teams, then in business pep-talks, motivational speeches, and other avenues. Why has it been so popular as an inspirational slogan, when coaches or other leaders needed to rally their teams past particularly challenging situations? It provides a shot of empowerment: *You're stronger than the obstacle or opposition. You can do this.* Yet, what's missing from this morale-booster is any instruction on just what the tough need to do in order to get going in the right direction effectively.

In this fun but powerful class, you'll learn what it is that you need to not only get by when the going gets tough, but to thrive. Whether you consider yourself strong enough or not, the power you need, especially when you are facing challenges in your life or in the world, is—you! Specifically that aspect of who you are as the joyousness of life itself. That experience of bliss that many spiritual teachings refer to in the later stages of your awakening process is the experience of that aspect of your true self. You'll learn how you can tap into that part of your spiritual self and not only effectively, but more gracefully, navigate your way through the seeming obstacles in life.

5/28 Saturday 12 PM - 2 PM (PT) / 3 PM - 5 PM Eastern / 9 PM - 11 PM Central European

TSW22-5 TC2-Happiness Is Sharing Your Joy When All Seems Lost

Discovering The Creative Power of Compassion

If happiness is to be found within you, why don't you feel it more often—like always? It's because most people don't realize that the experience of happiness comes from expressing the happiness that is within you and that is you. Yet, that seems like a catch-22, doesn't it? What if you don't find the happiness within you to express, especially when all seems lost and you are down and out? Then what? That's when you need to share your joy more than ever! But, how would you do that?

In this class, you'll learn what obscures your innate joyousness and what you can do to restore yourself more to that. You'll also learn to create more happiness when you are feeling least joyous and how you can share that with others. You'll learn what compassion has to do with your creative power and the psychic tools and practices that will help you cultivate your compassion to share your joy—especially when things are not looking good in your life or the world.

5/29 Sunday 9 AM - 11 AM (PT) / 12 PM - 2 PM Eastern / 6 PM - 8 PM Central European

TSW22-5 TC3-Welcoming The Blessings of Bliss

The Power of Gratitude to Heal Your Soul

Wouldn't you say that a blissful experience is a blessing? If it is, why not welcome many more blessings of bliss? Could it be that true joyousness can be on tap? Like BOD—Bliss on Demand? Well, not quite. You can never demand joy or bliss and hope to experience it. Yet, you need to welcome the blessings of bliss into your life if you are to live an extraordinarily happy life.

In this class, you'll learn about the power of gratitude to welcome into your life the many blessings of bliss and heal your soul-self. After all, would you expect to heal the rest of yourself—or anyone else—if you were not happy with yourself first? You'll gain many psychic tools and practices to help you to appreciate yourself and the life you are living, so that you can be grateful for both. Once you

are grateful for who you are and the life you have, there's no limit to how much you can heal both yourself and your life. Join us and learn how you can welcome the blessings of bliss!

5/29 Sunday 12 PM - 2 PM (PT) / 3 PM - 5 PM Eastern / 9 PM - 11 PM Central European

TSW22-5 TC4-Forgiving Your Way Back To Yourself

The Path to Your Freedom and the Love of God

What does the path to your ultimate freedom have to do with the Love of God? Well, have you ever been in a loveless relationship? If you have, did you experience a great degree of freedom in it? Most likely not. Although it is said, correctly, that truth is what will set you free, what exactly is the way to discover that truth? It's not until you learn to love the limitless and eternal that you will find your way to the ultimate truth that will set you completely free. You may have also noticed that it is always those who love something unconditionally who end up being the best at it and succeeding where others fail. Love always prevails.

In this class, you'll learn what attaining your freedom has to do with the Love of God. Then, you'll learn the way of forgiveness as the step-by-step way to freeing yourself to your true, eternal, limitless self. Every experience that's ever troubled you provides you with a step on that path of forgiveness. You'll also learn in this class that with each step you take on that path, you'll get closer to loving without conditions and living the miracle of your soul life.

5/29 Sunday 2:30 PM - 5 PM (PT) / 5:30 PM - 8 PM Eastern / 11:30 PM - 2 AM Central European

TSW22-5 TC5Z-Bonus Zoom Post-TeleClass Q&A, Talk-Story & Tea

Everyone who takes part in at least one teleclass during this weekend event will be invited to join us for this bonus gift Zoom Q&A, Talk-Story and Social after the last class on Sunday. It's an important time right after learning on this profound inner level to get together, in a more social space, with others who also went through the classes and integrate what you learned and the energy you gained back. Not only can you ask questions that you might have from the classes, but also you'll get to see some of your classmates and hear a little about their experiences and share some of yours with the group. This is a great time to get together and have fun, chill, integrate, and continue to learn. Have your own favorite cup of tea—or a dish of ice cream—and enjoy!
