

A Brief Message from Michael to the SHAPE Community and Graduates of Clairvoyant and AHA Programs!

Hello, Everyone,

As someone said, "I'm b-a-a-a-c-k!" I think it was in a scene in a kind of horror movie, wasn't it? In my case, however, I hope it plays out more as a comedy. Well, at least the blood-and-guts part has already been done! Yikes! And, so far there doesn't seem to be signs of permanent brain damage. Ummm....what was I writing about? Heh, heh. Nevertheless, it's been quite a ride the past 53 days. Yes, it's Sunday evening now as I write this and it's been exactly 53 days since I died - again! - and have been resurrected (with a lot of help from many of our friends, both on earth and in spirit). Once again, thank you. I am most grateful to be able to say that I will be teaching **Living Your Heaven Here on Earth: The Baptism of the Holy Spirit and the Awakening of the Kundalini-Shakti** at our SHAPE Mount Shasta Retreat coming right up, October 14 - 16.

I must say that my recent experiences were definitely a profound initiation into a new dimension of my life, learning, and work. I am returning to life here on earth, in this incarnation, with a new appreciation and understanding that I did not have before. I now have something more, and some of it substantially different, to share with you as a result. This retreat will be an initiation experience for you as well. I know we will have an extraordinary adventure. And, you have already been undergoing quite the process of starting to release any old attachments to those things that no longer serve your soul purpose and living the miracle here on earth. To help you with some of this, on Wednesday, October 5th from 6 PM - 8 PM, I will be offering Your Pre-Retreat Tune-Up and Preparation TeleSeminar on **Raising Your Havingness for the Holy Spirit and Your Kundalini Flow**. I hope you'll be able to join me for this as well.

Please pay careful attention to all that is happening in your life and within you at this time and recognize how much of it is your past surfacing to make way for the present. Remember, it is the present that contains your gift of the miracle - and, that is something substantially new. If fear arises, know that it's just energy and that you are reacting to that which is surfacing into your consciousness that is the new experience. You've been asking for profound changes in your life, deep healing. That means that sometimes you will have to let go of trying to repackage old solutions in favor of welcoming in something you've never tried before. It might be a bit scary at first, but, as soon as you let go of that fear, you will be able to have the miracle. Let's get together and see what happens!

See you soon. With gratitude, love, and joyous laughter,

Michael
