LIVE THE MIRACLE and  
SHINE YOUR LIGHT EVEN MORE BRIGHTLY!

Dear SHAPE Community & Graduates of Clairvoyant Programs, AHA!  
& Our Psychic Tools & Life Mastery Practices Course!

We sing in celebration of the amazing steps that you've been taking!  
For me, of course, all the singing at this time (Jan. 2018) is purely in  
spirit, since I still don't have a voice with which to sing through the  
body. Hahaha...and most of my laughing is only in spirit as well. Yet,  
the truth of the matter is, I'm still laughing and singing as much as ever  
- maybe even more - it just doesn't sound like it to those who only listen for a physical voice! It's a  
great reminder, isn't it, that we're spirit, not a body? Yes, if you pay attention, you'll discover that

everything in life, every one of our seemingly vastly diverse experiences, offers each of us an opportunity to realize who and what we are. To seize that opportunity, however, we have to relinquish falling into any of the multitude of judgment pictures that seem to arise in our mind regularly. Remember that slogan when an emotionally charged judgment picture comes up in your mind to tempt you: "Just say no." Hahaha..... After all, no judgment is ever true. So, make it a point not to be a slave or a hostage to one. That's definitely a big part of your mastery practice.

Whether we're singing, dancing, or laughing joyously in celebration of our spiritual growth and self-mastery, the important thing is that we're each celebrating in our own ways. Why wouldn't we? You're celebrating your extraordinary growth and who you are discovering yourself to be, aren't you? Is there any accomplishment greater than that of becoming who you truly are and will forever be?

That greatest of adventures in life has sometimes been called, "Self-Realization". That means to real-ize your true self or make who you really are inside, real. It's the journey from darkness to light, from illusion to reality, from death to immortality. It's the long learning curve we each have to go through as souls to make who we are in truth real, rather than continue to imagine all that is illusory our reality. A great starting point is to practice creating an image of a rose and then exploding it. When you can do that, then, you can just as easily recognize a judgment picture that you imagined as well about someone and dismiss it for the imagined illusion that it is, right? I mean, what's the difference between a mental picture you imagined in your mind of a rose and a mental picture you imagined in your mind of your once best friend Rose who took off with your boyfriend and your cash? Hahaha..... As they say, a Rose by any other name.....is still only a picture in your mind. Yet, one picture, you can easily blow up and not even think about again, while the other picture, you might zealously guard like a cougar gnawing a deer leg. It boils down to judgment, which always comes down to fear.

So, when you start to celebrate joyously, whatever judgment pictures you've been guarding for a long time in your mind begins to arise with the fear and resistance inherent in them. OK, the party's over! Hahaha..... Hey, wait a minute - it's just beginning! But, you have to sing, dance, and laugh in spirit when the judgment pictures begin to hit your fan club, if you're going to take your next step to even a greater joy and to shine your light even more brightly in this world. Welcome aboard to 2018!

January zipped by like it was only a few days. Yet, did you notice all of the creativity bubbling up in your life? Whether you enjoyed what was created in your life or not, you have to admit that there was a lot of creativity. Well, that was your creativity bubbling up on a whole new level. Remember, this year's theme for the SHAPE Clairvoyance and Trancemediumship Mastery Course is, *Owning Your Power and Creativity*. Ah, of course, if you're dealing with accessing more of your creativity as spirit and expressing it, you'll be dealing with owning your power as well. You can't separate creativity and power - your power is actually creative power. Once you're exploring your creative power, however, you aren't going to be able to ignore how much you are able to be loving in relationship to everyone and everything. That's why some of the most creatively powerful people in the world are falling in and out of love so often. Aside from the fact that they don't have their trancemediumship mastered, they haven't realized where their creative power comes from. So, whatever judgment pictures pop-up in

their mind, they become beholden to them and one day they fall in love with this person and the next day they can't stand that same person and fall in love with someone else. Yes, I should write the best-seller, *Sex and the Single Trancemedium!* Hahahaha.....

Relinquishing judgment pictures also means choosing to love regardless of the circumstances or how you might be feeling at the time. You're owning that you are the one that has the free will to choose eternity and the limitless, regardless of whatever the world or anything or anyone in it happens to be doing. That's the beginning of ownership: your choosing.

On Thursday, February 22 from 6 PM to 8 PM Pacific Time, we'll launch our brand new 2018 SHAPE Clairvoyance and Trancemediumship Mastery Course - **Limitless Love: Owning Your Power & Creativity** - with the first of our initial trio of teleclasses for this course. Then, two days later on Saturday, February 24, in the morning and the afternoon, we'll give the two other teleclasses of this first set. Make sure to get in front of this wave (most of you already are!) and get ready to own much more of your inner power and creativity as you learn to ride past the limitations of your past in your willingness to choose love anyway and your capacity to love without limit. Take your quantum leap in living the joyous miracle of your life as spirit.

Peace be with you always as you navigate through the turbulence of the ever-changing conditions of this world. May the Light of Truth guide you every step of your way and the Love of God bless you with never-ending joy! You are the light of the world.

With gratitude, love, and joyous celebration,

*Michael*
