There are three keys to living a joy-filled life: Imagination, inspiration, and intuition. First, without imagination, we cannot create anything. And what fills our life with joy is our creative expression as immortal souls. Second, we are eternal spirit, not temporal bodies. Spirit is the breath of life. Joy is living our life as the spirit we are. We are inspired - and we inspire - when we live as spirit. Third, our intellect can access history and make conjectures about the future based on our past. But, it is our intuition that can directly experience the limitless in this eternal moment. Only intuition can free us from the shackles of illusion and suffering and guide us to the joyous truth of who we are.

In Saturday's Seminar, **Joy Is Within You: *Free Your Imagination & Live a Spirit-Inspired Life***, you'll learn to turn your awareness inward to that limitlessness of spirit. Your freedom and the joy that comes with that are already within you. Rather than search the far corners of the world for happiness, true never-ending joy is to be found within you in spirit. You'll free up your imagination from the restrictions you've inherited from others teaching you to be real or practical and learn to use it to access the limitlessness and creativity within you as spirit. Simple-to-apply, but powerful psychic tools will be taught in this enlightening and enlivening seminar-workshop.

Then, on Sunday, in **You Are Psychic & Joyous Already: *Know Your Purpose Intuitively, See Your Way Clairvoyantly***, you'll explore what your real soul purpose is, learn how to use your intuition to know if you're on purpose in your life, and practice using your innate imagination and clairvoyance to see your way to fulfilling that purpose. You'll learn more powerful tools to help you stay on purpose and on your path day-to-day and deal with the challenges that may come up along the way.
