Dear SHAPE Community and Graduates of Clairvoyant Programs, AHA!, and the Psychic Tools and Life Mastery Practices Course,

Ho-ho-ho! And a Merry Christmas to you! Ha-ha-ha! And a Happy New Growth Period, too! Of course, we ARE all here to learn and grow, aren't we? So, why not have a lot of fun, learning and growing, even when some of the lessons life offers us are a bit challenging? Ha-ha-ha, Ho-ho-ho! Joy to the world!

Life lessons and challenges come in a variety of ways. One of the more interesting types of lessons tends to sneak up on you, when you've been quite busy with the demands of life. Then, when you find a moment of respite, you draw a blank. You finally have a little time to yourself, but you discover you don't know what you're doing or what you might need to do next. It's as if you're an author, who had long been staring at a blank sheet of paper. You might even worry that you have writer's block or jump to the conclusion that you don't know what to do in your life. If so, fear not! It's a cause for celebration, not for concern.

Remember, whenever you complete a major karmic cycle in your life, you are given a

new space. You are the author of your life and you have just finished writing one chapter in your book of life. Once you've completed writing the chapter, you will come across a blank page so that you may begin to write your next chapter. You're looking at a new space that isn't already filled with whatever you created before. It's reserved for something new for you to create, a new expression of your innermost creativity, light, and love. You are now much freer than you've ever been! The more you wake up, the less baggage you'll have. Enjoy it!

Greater freedom is what you may long for, but what happens, when you first encounter it? You experience a kind of a blank. What you previously got used to as being full of activity, excitement, drama, and intensity suddenly becomes quiet and still. It often feels like a loss. You may have wished that the living room full of noisy people would get quiet, but, once everyone's gone away, it seems abandoned and you might even feel lonely. It's too quiet. Nothing is happening. The ego doesn't like it. Well, yes, that's your new freedom. Freedom to be yourself as you truly are rather than being the ego's version of you. It's your new and expanded empty space. It's up to you now to express your creativity and fill that space with that which is limitless and true. And, that is a good problem. It's time to truly be with yourself and the God of Your Own Heart. Discover what your next step is on your path to your ultimate freedom.

Of course, Christmas is usually seen as the celebration of the birth of the Christ Child in this world. Hopefully, you've been experiencing more and more that each day is becoming Christmas to you, since you have been birthing the Christ within you for some time. So, what's next for you, if you've birthed the Christ within you? Obviously, you'd have to raise that Christ Child within you. What does that mean for you along the Golden Path as a Seer, Healer, Teacher, and Spirit Guide?

Ha-ha-ha! Ho-ho-ho! Yes, that's what we're going to explore in our upcoming SHAPE Christmas Celebration Weekend Intensive in Burlingame. We welcome you to join us in this joyous celebration of the Christ in this world and your next step on your path. During the weekend seminar intensive and festivities, we'll also have our graduation from this year's SHAPE Clairvoyance and Trancemediumship Mastery Course as we prepare to ring in and commence our new Mastery Course, Living In Grace: Havingness, Creative Manifestation, and The God of Your Own Heart in the coming new year with a blessing and an initiation. As always, we'll have a fun gift-exchange, singing, and lots of merry-making throughout the weekend.

It's time to let things be for a spell in the world to give yourself the space to be with yourself amongst a joyous community of kindred, loving, and radiant souls.

May the Love of God grace your whole being and the Light of Truth illuminate your path.

With gratitude, love, and celebration of life,

Michael
