****Unlock Your Intuition, Clairvoyance & Mediumship****
= To Create A Joyous Life =

True intuition is your direct line to your own innermost knowing and all that is true to you as a soul. It's also your hotline to God. Clairvoyance is your ability to see with the single inner eye of spirit to discern truth from illusion. It keeps you on your path. Mediumship is your gateway to spirit and who you are - before, during, and after your incarnation. It's through your mediumship that you begin to live the miracle of spirit and your immortal soul life, while you are still here on earth. Once you learn to use these three powerful innate soul abilities correctly, your life will expand beyond your wildest dreams. Isn't it time for you to spread your soul wings and soar beyond your imagined limits?

For millennia, sages, mystics, and spiritual teachers have taught those who wished to live beyond the limitations of the worldly life, to gain entry into the mysteries, or to simply live happily ever-after to "First, Know Thyself!" To know yourself is the first step in fulfilling the purpose you have, as a soul, for being incarnated in a human mind and body, here on earth. Yet, trying to figure yourself out and the purpose for your life intellectually cannot lead you to truly knowing yourself. To know yourself requires you to have a direct intuitive experience of yourself as spirit. You can't do that by thinking about who you are.

When you merely think that you know yourself, you might believe, “I’m a housewife”, “I’m an artist”, “I’m a doctor”, “I’m the CEO”, “I’m human”, “I’m famous”, “I’m poor” or, even, “I’m just an average person”. Of course, you can be anything, since, after all, you are a spiritual *being* - you can be whatever you decide you *are*. But, what *are* you, when you are not being something or someone? “Know yourself” is the commandment for you to experience yourself just as you are - *before* you became anything or anyone. And, when you know yourself, you begin to fulfill your purpose for being human.

So, the BIG question is: How do you get to know yourself much more? That’s where your innate psychic abilities become so much more important in your life. You probably know that the term “psychic” just means “of the soul”. Your psychic abilities, therefore, are the abilities that are already within you as an immortal soul. By accessing your various innate soul or psychic abilities, such as intuition, clairvoyance, and mediumship, you begin to experience much more of who you are as the soul and get to know your true self that may happen to be, at this time, a man or a woman, an architect or a writer, poor or wealthy, or sick or healthy. It’s a bit like knowing the difference between the *person* who is experiencing life and the *clothing* that the person happens to be wearing - the two are vastly different.

The wonderful news is that it is not difficult to access these abilities. Everyone uses their psychic abilities all of the time, but most people don’t realize it and, not realizing it, they let their abilities work against them much of the time. For example, everyone is looking clairvoyantly all of the time, yet, very few people know what they are looking at with their inner spirit vision. Not recognizing what they are staring at all of the time, they become the effect of what they unconsciously see. If you watched an upsetting movie over and over, you’d most likely get unhappy after a while. It’s somewhat like that. Also, many people deny or invalidate what they know to be true intuitively and kick themselves later, when they realize that they should have acted upon what they knew. Often, people fail to follow their intuition, because they don’t trust themselves enough. Then, there’s one’s mediumship ability that is necessary to experience being spirit. Most people don’t have a clue that they are so often being the effect of their mediumship ability and end up confused or scared, rather than learning to use it correctly to get to know and further themselves along their path.

Today, all of humanity is being called to step up to living a more intuitive or spirit-centered life. If you’re reading this, you’ve already been answering that call and looking for guidance and tools to help you take that step-up for yourself. This special Weekend Seminar in Zürich, Switzerland taught by world-renown spiritual teacher, clairvoyant

visionary, award-winning author, and radio show host, Michael J Tamura, will definitely get you on your way, if you're just getting started. If you're already well along the way to living your life by your intuition, clairvoyance, and mediumship, it will give you a huge boost in your understanding and power to apply your abilities in your everyday life. Where you are in your life and where you are headed on your spiritual path require you to utilize much more of your psychic abilities in general, but these three major abilities will be the most important for you as a soul seeking to fully awaken.

We're looking forward to seeing you in Zurich!
