Liebe Freunde und erwachende Seelen,

What an amazing time we are living in! I pray that each and every one of you are staying healthy, happy, and wise, as you carefully navigate your way through this great transformation.

*Develop Your Imagination,
Clairvoyance & Intuition to
Celebrate Your Soul Life!*

It has been challenging for everyone this year. Although the pandemic gets blamed for making life on earth so different—and difficult—it is just the tiny pebble that triggered the avalanche. Today, we are witnessing the upheaval of a major evolutionary and

healing process underway. Life sounded its clarion call to humanity to awaken. Now, it is up to us to see the truth of our divine heritage and restore ourselves to wholeness. Especially, when we are physically more isolated from others, we need to share in the spirit of communication, cooperation, and collaboration. We need to intuit our own answers, inspire ourselves to take our next steps, and inform others by example. And, when it appears as though there are no solutions to the ever-increasing problems in the world, we must imagine and create original solutions. We are at the cusp of a golden era. Today, we must take the leap with certainty in Spirit.

Transformation being the theme of our times, we have wonderful news! Once again, our dear friends, Wolfgang and Marianne Jaeger of Forum and Buchhundlung im Licht, have transformed what was originally scheduled as our Morschach Retreat into a Remote Online Retreat for the same 3-day weekend period: Saturday, October 31-Monday, November 2. Although we could not get together as a group in Morschach this time, we will be together via Zoom, wherever you may be in the world. We are certainly looking forward to seeing each of you in the little squares on our computer screens! But, infinitely more importantly, I am looking forward to seeing you and offering my teaching spirit-to-spirit. This time is definitely the time to look more deeply within ourselves to our inner life as spirit and re-set our course in the world.

Be True to Yourself: Unleash Your Imagination, Open Your Third Eye & Follow Your Intuition Joyously! Being true to your inner spirit in living your daily life in this world is now more important than ever before. Not only your own life, but all life on this planet, is dependent on it. How the whole world will proceed will depend on how much you live your life based on your inner truth. To do so, you would need to free up and fully utilize your imagination and your clairvoyance and follow your intuitive knowingness.

You are a fully creative spirit and all creating begins with your imagination. Your clairvoyance is your innate soul ability to see and discern all that is produced in the mind and that which is the underlying constant ever-lasting reality. Intuition is your innate soul ability to be still and just know. Yet, intuitively knowing is the beginning. You must still follow through with

whatever it is that you come to know. In these ways, you can be fully true to yourself in your life and in this world.

Over the course of the three days of this now online Zoom Retreat, you will learn about your powerful ability to imagine and create the life you are meant to live, to open your inner vision to discern that which is true and that which is merely illusion, and to follow what you intuitively know is true for you. My prayer for this remote retreat is that you each get to know more of your true self and experience living your life more in accordance with your inner knowing. Of course, you will also learn to have all of this much more joyously!

Many of you may experience some positive energy and consciousness shifts beginning after you commit to joining us for this remote retreat seminar. This is a good

thing. It means that you are already learning what I am teaching you in spirit. When you first awaken in the morning you may even become aware that you have done or learned something while you slept. If so, good for you! I teach every night in spirit as many of you sleep. I have been doing that since I was growing up as a child. We can accomplish an enormous amount of learning, growing, and healing while our bodies are sleeping. So, please remind yourself when you first awaken to be aware and reflect upon what

you might have done or learned while your body slept. Notice, too, the changes that you may be going through and care for yourself lovingly. I know we will have a wonderful time together via Zoom soon. Both Raphaele and I are so looking forward to seeing all of you—both on the computer screen and in spirit!

May the Light of Truth illuminate your every step and the Love of God guide your every choice.

With gratitude, love, and joyous celebration and laughter,

Michael
