### What Happens in the World Stays in the World

*“You are the light of the world.”*

*“If you were of the world, the world would love its own; but because you are not of the world, but I have chosen you out of the world, therefore the world hates you.” - Jesus*

You are the light of the world. You are not of this world. When you own being the limitless spirit that you are, the world tends to have a hard time with you. Being the light of the world, you are what makes it possible for us to see the movie in the theater we call the world. The light from the bulb in the old movie projector shining through the film made it possible for us to experience a story, as if it was happening in real life. That light is you. The theater is the world. And the theater owner is the ego. The more the theater owners can make you believe that your fulfillment—or even your existence—is dependent on the movies being offered in his theater, the more he can prosper. When you own being the light of the world, you no longer are under the ego’s control, as truth reveals itself that the theater business is dependent on you.

Raphaele and I offer you this teleseminar in the hope that it will help you with your next steps in further discerning what is true and what are the lies, the pictures in your mind, that have long obscured that truth. As you continue to practice owning being the light of the world, you will realize that your regrets—your unfulfilled wishes, disappointments, and assumptions of failure, along with the blame, shame, and guilt that accompany them—keep you returning to the age-old re-runs still playing in the world theater. That’s how you keep the fat cats fat. Isn’t it time to put them on a much leaner diet?

You are welcome to join us for this SHAPE Post-Christmas TeleSeminar Special, even if you were unable to attend our Christmas Celebration Weekend Intensive. All you’ll need to do is to call our office, purchase, and register for this teleseminar.
