Your Trancemediumship and Your Relationships

Dear SHAPE Community & Graduates of Clairvoyant Programs, AHA! & Our Psychic Tools & Life Mastery Practices Course,

Can you believe it? Our upcoming SHAPE June Remote Retreat Intensive will mark the halfway point in the 2021 SHAPE Clairvoyance and Trancemediumship Mastery Course! What a year it has been thus far. The Great Global Transformation is well under way.

All profound changes reveal the underlying lie of death and dying, abandonment, loss, and isolation. As you approach a major change in your life, you may be afraid of what the unknown will bring. Yet, every time you breakthrough those fears (pictures!) and reach the other side of that transformational process, you realize you didn't die. And you never will. That is always the revelation of death: There is no death. Life goes on. Only the form of life changes as we learn from experience and gain our wisdom.

This time of the Great Global Transformation is about humanity awakening itself from the dream of death—and waking up to the truth of eternal life. It is a time of deprogramming ourselves not only from the fear of dying, but from the whole illusion of death. Notice how entrenched the idea of death and of dying is in the psyche of humanity. It is so established in the human mind that even after millions have testified from their personal near-death experiences that there is no death, most people are still only willing to concede that there is life AFTER death. They don't want to let go of the lie of death—they still believe in death, but are now open to the idea that there is life after death. The programming of death sits there right between life and the afterlife like an enormous boulder. Many believe in God, unless death comes knocking on their doors. Then, they feel they have to deal with death before they can go back to God.

If we require God to take a backseat to death, then we make death, not God, our reality. Which would you choose? God or food? Well, if we get hungry enough, God more often than not takes a backseat. God or a paycheck? If we don't make some money, we fear we won't survive. How often do we choose the last piece of chocolate or an ice cream cone over God?

In an attempt to overcome that habit—or programming—human beings have come up with all kinds of clever ascetic practices to deny that nagging pull in our mind constantly convincing us we are but a body. Yet, of course, as the Buddha discovered almost two-and-a-half millennia ago, asceticism and deprivation don't work. In fact, any kind of extremism doesn't work. Why? God, being limitless, doesn't deprive or go to extremes to limit. Limitlessness always celebrates the limitless whole and not individual parts. How can we reach the Limitless by severely limiting ourselves?

Yet, caving in to the threats and temptations of the ego never gives you anything more than a moment or two of relief. Then the pain and suffering start all over again. So, what are you to do?

First, know yourself and be yourself. Then, own your divine birthright of seniority to the ego. Rather than placating the desires, demands, threats, and temptations of the ego, ignite the fire of the Holy Spirit within you and create according to what is true to who you are. To accomplish all of that successfully, you also need to own your awareness, energy, space, and abilities of your trancemediumship.

So, that's what we'll address in our upcoming SHAPE June Remote Retreat Intensive, **Igniting the Fire of the Holy Spirit: Be Yourself, Be Senior & Own Your Trancemediumship**. In fact, you've already begun preparing for this retreat in the night astral classes. You may have noticed some of that showing up in your daily life experiences, practices, and growth periods! We'll get right into looking at what are some fears, judgments, and limitations that have been keeping you at more than an arm's distance from God in the Pre-Retreat TeleSeminar, **Deprogramming What Keeps You From God**. Of course, we'll start deprogramming what you discover.

In the Remote Retreat Intensive, we'll get right into the exploration of the next step in your havingness and ownership of your trancemediumship and the part it plays

in your full awakening and return to God. That will include looking at the Creative Fire of the Holy Spirit, Maya, and the Kundalini-Shakti. Then, we'll round it all up in the post-retreat teleseminar, **Your Trancemediumship and Your Relationships**. After all, your trancemediumship plays an integral part in all of your various relationships. This retreat series will certainly help you take additional steps in having **The Joy of Being Your True Self** by Keeping Your Sight on God, Establishing Your Space, and Transforming The World, our overall theme for this year's SHAPE Mastery Course!

Here you thought it was getting hot because summer is coming! Hahaha... Make sure you teach your children not to play with fire, but now you have to teach yourself to play with the Holy Fire! Woo-Hoo! Getting a bit hot under your kundalini collar? We'll see you soon. Come prepared to play!

May the Love of God guide you to your next step.

With gratitude, love, and celebration of life,

Michael
