**Living Your Most Joy-Filled Life**

Life joyously celebrates life. Each of our lives is meant to be joy-filled. It has long been said that if each of us were to merely ask, what we seek will surely be given to us. If that is all true, what then keeps many of us from celebrating a joy-filled life of abundance and fulfillment every day?

Life itself is already complete and joyous. It is we who are here to learn to receive of and experience that fully joyous celebration we call life. And, just as we progress in any kind of learning, while we are learning to do so, we go between experiencing the great happiness that life offers and the equally great difficulties for us to be successful in doing so. The freedom, the joy, the love are all here in life,

but we each are in different phases of learning to gracefully accept life's many gifts. This learning process takes most souls many, many incarnations here on earth to complete. To be able to receive the simplest gift for the human soul is often the most challenging journey.

All learning and all healing begin with communication. Although there are many forms and many languages for communicating in this world, the most essential communication begins in spirit and is psychic or soul communication. When you learn to become aware and communicate psychically as the soul that you are, your progress toward more fully living the joy-filled life accelerates exponentially. As you become more aware of your psychic communication with everyone and everything while you are in this worldly experience, you can choose to drop the barriers and defenses you have previously erected to isolate yourself from what you may have deemed threatening. When you free yourself from such inner barriers, your ability to communicate deepens and heals you and others. As you do so, you begin to discover communication extends and expands you beyond this world. You learn what true prayer is and experience the healing power of praying.

Now, more than ever, having communication, especially psychic communication, is essential to not only your own well-being and spiritual growth, but for the peace, healing, and freedom of all of humanity. So, we welcome you to join us in discovering the purpose and power of psychic communication and learning how you can develop the various aspects of your psychic communication abilities ranging from telepathy and clairsentience to clairvoyance, intuition, and mediumship. You'll also learn during the course of this extraordinary weekend seminar, what prayer healing is and its importance in your awakening process. You will gain many simple yet powerful psychic tools and spiritual practices to help you to communicate as the spirit that you are to others as the spirit that they are, as you learn to communicate with the limitless wholeness that is the Spirit of God. Now is the time to learn to live your most joy-filled life!
