Tapping Into Your Intuition, Clairvoyance & Creative Power

Dear Friends and Awakening Souls,

Have you ever not known what to do about an important situation in your life? Have you ever agonized watching those you love struggle through challenges and you didn't know what you could do to help them? Don't feel stuck or helpless. Know that you are never without power to change any situation in your life or in the world for the better. Remember, you are limitless and eternal spirit. All the answers and creative power you will ever need are already within you. Learn to access them at will.

We all have times in our lives when we know that something needs to be done, but at first we have no idea what we can do to improve the situation or condition. When confronted with any new situation in our life, none of us really knows exactly what to do initially. Not knowing what to do about it immediately is not a weakness or a failure. It's a creative opportunity. It's a brand new canvas to paint for an artist or a blank page to write on for an author. You are a creative soul and it's a chance for you to express something new. It's not

an unwanted problem.

It's completely normal to not know what to do when you first encounter a new or challenging situation in your life. Yet, you don't have to get stuck there or dwell on not knowing what to do. Rather than seeing it as an invalidation, see it for what it is: a new beginning and freedom to express yourself creatively.

Today, we are living in exceedingly challenging times. More than ever, we need new answers, new solutions, and new tools that we can apply in our lives, not just to survive, but to progress along our spiritual path. We need to establish firmly within ourselves the certainty that we are never powerless to make course corrections and heal ourselves, our relationships, and our lives as we progress on our path to freedom and fulfillment.

To help you tap into your intuition, clairvoyance, and creative power so you can enthusiastically overcome obstacles and challenging situations in your life, we welcome you to join us for this inspiring and illuminating 3-day online "Retreat" Seminar. You will learn powerful psychic tools and spiritual practices you can use daily to discover new responses and solutions when you don't know what to do. No matter what your circumstance, you'll be able to further yourself and others toward healing and fulfillment. You will learn to look within yourself to access your innate intuitive abilities to bring about effective resolution to problematic situations. You will even learn how you can help those who are unwilling to receive your help without infringing upon their free will. Since you experience most of life through a variety of relationships, you'll also learn to apply these tools in them.

It's time to take a big step on your spiritual path!

Remember that once you commit to joining us for this remote retreat seminar, you may start experiencing some shifts in your energy and awareness. This is a good thing. It means that you are already learning what I am teaching you in spirit. When you first awaken in the morning, you may even sense that you have done or learned something while you slept. If so, good for you! I teach every night in spirit as many of you sleep. I have been doing that since I was growing up as a child. We as spirit can accomplish an enormous amount of learning, growing, and healing while our bodies are sleeping. So, please remind yourself when you first awaken to be aware. Spend a moment or two to reflect upon what you might have done or learned while your body slept. Notice, too, the changes that you are going through and care for yourself lovingly. I know we will have a wonderful time together via Zoom soon. Both Raphaelle and I are so looking forward to seeing all of you—both on the computer screen and in spirit!

May you walk in the Light of Truth guided by the Love of God.

With gratitude, love, and joyous celebration and laughter,

Michael
