*Joy To The World!*  
**Creative Manifestation  
On Your Path to Self-Realization**

LIVE THE MIRACLE  
and  
BE THE LIGHT OF THE WORLD!

*Dear SHAPE Community, Graduates of Clairvoyant Programs,  
AHA! and Our Psychic Tools & Life Mastery Practices,*

Joy to the world—and to every one of you in it! And let heaven and nature sing along with resounding joy. The phrase, “Joy to the world,” may make many of you think of the Christmas song with that as its title. After all, that hymn is the most published Christmas carol in North America since the 20<sup>th</sup> century. Isaac Watts, an English minister and hymn writer, wrote it in 1719 inspired by verses in Psalm 96 and 98 and chapter 3 of the Book of Genesis. Yet, when you sing out, “Joy to the world!” isn’t it at once a proclamation, clarion call, prayer, and invitation? If so, it’s meant to start an action. It’s not meant to be a flash-in-the-pot event. It’s meant to become part of everyday living.

For that reason, I chose it as the overall theme and title for our 2022 SHAPE Clairvoyance and Trancemediumship Mastery Course:

**Joy To The World!**

Creative Manifestation  
On Your Path to Self-Realization

First, we're making a proclamation, "Joy to the World!" We're declaring publicly that everyone in the world deserves to have joy. We're also putting out a clarion call, not to take up arms in battle, but to sing out one's joy—every day. It's a prayer both for the havingness of our joy and for sharing it in the world. We're inviting anyone who seeks to have their joy to join in as well. Yes, our new mastery course will be about taking the high road of creative expression, manifestation, and sharing along your path to full awakening and your realization of who you are.

"Creativity doesn't wait for that perfect moment. It fashions its own perfect moments out of ordinary ones."

- Bruce Garrabrandt, Artist

We will launch our 2022 SHAPE Mastery Course on Thursday, January 20<sup>th</sup> and Saturday, January 22<sup>nd</sup> with the first of our trio of teleclasses for the year by delving into the overall topic:

**The First Pillar of Your Christ Self: *I Am the Truth***

We'll follow that up in February and March with the next two trios of teleclasses exploring the topics:

**The Second Pillar of Your Christ Self: *I Am the Way***

and

**The Third Pillar of Your Christ Self: *I Am the Life***

That will get us up-to-speed for our March SHAPE Weekend Intensive:

**Living Joyously: *Celebrating Your Life Experience Every Moment***

I'm sure it'll be an amazing way to get the first quarter of the year and the Mastery Course jump-started. But, wait, there's more! Read on to find out more of what may be in store for you as a clairvoyant reader, healer, teacher, and leader in the upcoming SHAPE Mastery Course.

Yes, I've designed our 2022 curriculum to help you raise up your havingness for getting to know, experience, and creatively express that facet of your soul/psychic-self that is limitless joy. So get ready for a brand new adventure on our caravan of awakening and creative manifestation. We're on our

"I celebrate myself, and sing myself..."

- Walt Whitman, Poet

way to realizing the light of who we are and advance on our homeward journey back to God.

Remember, however, that whenever you raise your havingness, especially in a major way, the old “naysayers” of your ego have a way of complaining or even throwing temper tantrums! They know that it’s too late for that because you’ve already made your step-up by that point. But, hey, you’ve got to give your ego credit for trying—or not! It’s like your ego being Custer trying to fight Custer’s Last Stand AFTER he died. It makes a big racket, but it will not do any good. So your ego can only try to con you into believing that the battle is still going on and you have to resist in order to win. It might even scream that you really can’t have it and that you’re just fooling yourself. It’ll point to all kinds of past-time pictures you still have in your mind that “prove” that the ego is right. If, after you make your havingness step-up and you trip and fall, your ego might tell you, “See! If you really can have it, you wouldn’t have tripped and fallen.” It’s like those who think that you can’t be a true healer if you’re sick or that you aren’t a teacher if you make what may look like mistakes. (Of course, we all know—it’s been proven—that you can’t be sworn in as a Supreme Court Justice or the President of the United States, unless you’re purer than Ivory Soap and have never made a mistake in your life, right? It’s a good thing, however, that you can become Vice President, even if you are a total screw-up. There might be some hope for Americans, yet.)

*“Creativity is a leap of faith. You’re faced with a blank page, blank easel, or an empty stage.”*

- Julia Cameron, Author

Speaking of the State of the Union—or better yet, the State of the World—what’s 2022 have in store for all of us? By now you might have recognized that I set up the overall theme for us each year, at least partly in response to what opportunities the year promises to offer us. It’s not really the year that offers us such opportunities, but Spirit offers them to us. You could say that our 2022 theme and focus of our Mastery Course will be Spirit’s answer to what we each need to be aware of, have, and do to learn, grow, and heal ourselves and the world during the year. There will be many people who will become disillusioned and fall victim to what appears to be happening in the world and to them. Nevertheless, those who choose to be proactive spiritually will breakthrough those challenges and realize an even greater creative power and freedom within themselves.

We’ll set up our annual “New Year’s” weekend teleseminar event for January 8<sup>th</sup> and 9<sup>th</sup> (open to everyone, not just SHAPE) so that we can all look at the coming year, make our “predictions”, and set our energy to welcome 2022 in the best way possible. <Spoiler Alert!> It LOOKS to be a much happier year for more people. Yet, it’ll also be one in

which, once again, it'll be wise to not become complacent just because "things are better". Instead, those periods of relative calm or even prosperity will provide great opportunities for all of us to create the new and move forward by leaps and bounds. It will be doubly important to not fall into the rabbit hole of any "competition" and "failure" pictures that may surface whenever you struggle to launch fully on to your new endeavors. It will be a year that will offer ample opportunities to remind yourselves what is truly important in life and let go of stressing over things that are merely passing trinkets of glory.

I hope you're ratcheting up your enthusiasm for this coming year. I am! I'm especially enthused about the SHAPE Mastery Course that I've been preparing for you. You'll have the chance to go deeper within you where you have not gone before! It will be third-eye-opening, for sure. We'll explore the various levels of your body, especially in relation to both your process of awakening and your process of manifesting who you are in the world. You'll be clearing the way in both directions—upwards and downwards—for you to have much more space to be the real you in the world. You'll also get to practice being and building your body of glass more than ever.

As you progress through the year, you'll even get to explore your "PTSD" on a profound level: Post-Traumatic Soul Disorder. Hahaha... Yes, bring plenty of amusement—it's required! This type of PTSD, we all carry within us—otherwise, we wouldn't be here. At the very least, you'll get to chip away at the waxy build-up of millennia to reveal to yourself way more of your never-ending joyful self. Along the way, we'll be getting into more of Akashic Records reading and work and a bit of a real history lesson or two. (And it's definitely not what you learned in school!) Of course, if we're going to throw in some cosmic history lessons, we'll also have to work in some classes on essential psychic anatomy and physiology of your body on several levels to help you in the healing of your body health and for your creative manifesting in the world.

Another important reminder for all of you: Remember to continue to keep God in your sight. Perhaps, I should say, "Don't take your third-eye off of God." This next SHAPE Mastery Course will certainly help you raise your havingness for making God real for yourself. Ah, yes, *From the unreal, lead us to the Real...*

For now, I'll leave you with this beautiful poem from Rumi for you to rumi-nate on for the coming year and as you prepare for your next mastery course. In this poem you'll find a secret to having neutrality, amusement, and compassion in building your body of glass. Its practice

will let you take a huge step towards proclaiming, "Joy to the World!" as you creatively manifest and realize who you are. Remember, Spirit offers every experience as a golden opportunity for loving and for you to free yourself.

### **The Guest House**

*This being human is a guest house.  
Every morning, a new arrival.*

*A joy, a depression, a meanness,  
some momentary awareness comes  
as an unexpected visitor.*

*Welcome and entertain them all!  
Even if they're a crowd of sorrows,  
who violently sweep your house  
empty of its furniture,  
still, treat each guest honorably.  
He may be clearing you out  
for some new delight.*

*The dark thought, the shame, the malice,  
meet them at the door laughing,  
and invite them in.*

*Be grateful for whoever comes,  
because each has been sent  
as a guide from beyond.*

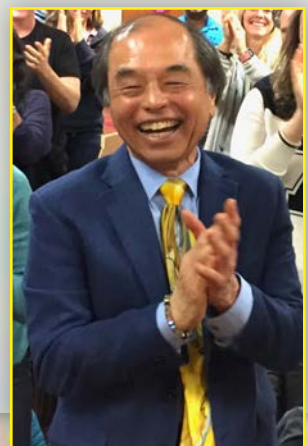

- Rumi
