

Michael Tamura: A Vision of Awakening Souls

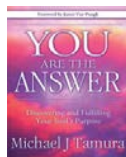

Michael Tamura lives the miracle. Spiritually aware from childhood, he sees everyone the way they are -- as immortal souls. To guide thousands to their healing, awakening, and true life purpose, he draws from years of intensive training, profound past-life recall, nightly out-of-body sojourns, four decades of teaching and giving clairvoyant counseling, and a lifetime of extraordinary experiences, including having physically died three times in full consciousness.

Michael in the Media

Michael has been featured on CNN, NBC's The Leeza Show, The New Ricki Lake Show, Bridging Heaven & Earth, Gaiam TV, The Aware Show, Hay House Radio, ABCNews' The Century: America's Time with Peter Jennings and many other radio and TV programs. A documentary film featuring Michael and his three profound death experiences is currently in production. You will get to experience him soon as well in a major documentary feature film, in which top experts in the world from the fields of science, religion and spirituality share their insights and wisdom about the role intuition plays as our personal guidance system through life.
