Dear Friends and Awakening Souls,

Soon bells will ring and dreidels spin and, all the world over, angels will sing. While commercials tout Black Friday Sales and Holiday Specials, politicians hunt lame ducks, and football reigns over shiny new big screens, Spirit remains still, unconditional, ever-loving, giving, and joyous. In the world, we celebrate holidays with good cheer, community, and camaraderie, yet, often the true spirit of what we are gathering together to celebrate gets lost in the shuffle of the noise and stress of the doing of celebration. So, we need to pause periodically and remember the purpose of celebrating our holidays.

Holidays are to remind us of all that is holy. They are Holy Days. Throughout the year, many of us may get immersed in the busyness of living our lives in this world that we tend to forget why we are living here in the first place. Holy Days serve to remind us that we were Whole—Holy—before we began assuming that we are separate, independent, and isolated from that which is undivided, complete, and limitless.

Often family members remind each other to remember where they came from. When they do, they are referring to their family, birthplace, where they grew up, their culture and community—their people. Yet, we make Holy Days here on earth to remind us where we really came from: That which is forever undivided and whole. God. And, it is the Spirit of God that imbues us with life as we live it. Holy Days are meant to remind us that, yes, we are in this world, but we are not of it. They are meant to remind us, not only of our origin, but that we are Spirit—and One.

What do we need to be, do, and have to truly celebrate all that is Holy? We need to celebrate in the joyousness of Spirit and in the spirit of joyousness. So, that is what we'll do. And, we've created a special remote weekend event of four teleclasses to help you re-discover that Joy of Spirit in you and a bonus Zoom get-together afterwards in which I'll answer your questions and talk-story with you, all-the-while you sip your tea or have your ice cream in the comfort of your own home! Through

each of these teleclasses, you'll learn to be able to more easily be, have, and celebrate the spirit that you are every day.

The entire set of four teleclasses, offered via a tele-conferencing service, make for a comprehensive weekend seminar, but you are welcome to join us for any or all of them as you'd like. As always, within a week or two after the weekend, each participant will receive the link/s to a professionally mastered mp3 audio download of whichever class you attended/purchased, so that you can review the classes as much as you'd like.

Below, you'll find the individual titles and a brief description for each of the teleclasses. We invite you to join us and joyously celebrate your life during this transformational time, while you learn powerful ways to experience and live:

The  
**Joy**  
of  
**Spirit**

TELECLASS 1: Saturday, December 5 / 10 AM - 12 PM

**Seeing with the Eye of Spirit**  
***Psychic Tools to Wake-Up Your Clairvoyance***

The fastest way to live your life as spirit is to wake-up your clairvoyance and see with the single Eye of Spirit. In this world, we look and see the world through our two physical eyes. That is because this world is a world based on dichotomies—the twoness of division. Spirit, on the other hand is always and forever one and undivided. Once you start to learn to see with the single, undivided inner Eye of Spirit, you begin to see life, yourself, and the world around you in a vastly different light. In fact, you start to see everything in the light within you. You ARE the light of the world. As you do, you begin to live more of the miracle of your soul life.

In this en-lightening class, you'll learn many simple but powerful psychic tools that you can apply in your everyday life to wake-up your inner vision and see your life and the world more and more through the Eye of Spirit. What you learn will

transform your life so you would be able to experience more of the joy of being the spiritual being that you are.

TELECLASS 2: Saturday, December 5 / 1 PM - 3 PM

**Seeing & Being Seen**  
***Spirit-to-Spirit Communication***

We all seek to be seen. Yet, all too often, we are afraid to truly be seen. Remember, you are the light of the world and you are meant to be seen, the world over. If you are not seen, how can you have real communication with anyone? But, if you are to be seen, you need to see more clearly first.

In this world everything seems to be divided, yet, in Spirit, all is undivided and one. So, as you start to live your spiritual life more and more, what you would like from others, you have to be able to have it and offer it first! You'll discover that giving and receiving are one and the same. To receive the kind of communication you would like to have, you must first offer the same kind of communication to others.

That basic desire to be seen is the desire to have real communication. And, that true intimacy and communication between any of us can only happen if we each communicate as spirit to others as the same one spirit. Only then, we dissolve the barriers that appear to separate us from one another in this world.

In this experiential class, you'll learn to communicate as the spirit that you are to others as the same spirit that they are. You'll also learn psychic tools that will help you practice and apply that more and more in your daily life so that you can experience more of that Joy of Spirit that comes from seeing, being seen, and communicating spirit-to-spirit with everyone and every aspect of life. As you learn and practice this, you will transform and heal all of your relationships.

TELECLASS 3: Sunday, December 6 / 10 AM - 12 PM

**Hang Up Your Hang-Ups**  
***Psychic Tools to Get Over Judgments***

What would happen if you hung up your hang-ups—for good? We all have some kinds of hang-ups. In the dictionary, a “hang-up” is defined simply as “an emotional problem or inhibition”. No matter the variety, we can't end up with any hang-ups unless we first are stuck in our judgments. In my personal experience, I've

known many beautiful people who believed they were ugly. The consideration that one is ugly is never the truth, only a judgment. The world and the people that populate this world are full of judgments of every kind. Yet, judgments, good or bad, are never true.

When you hang up a hang-up you might believe in, you'll experience more of the Joy of Spirit within your own being. As you learn to let go of whatever judgment you may have previously assumed was true, you will live a much happier, healthier life. So, in this class, you'll learn much about what judgments are and how to let go of those judgments that you have been living your life in unconsciously. You might not consider yourself a judgmental person, but, everyone has judgments they are not aware of.

In this sure-to-be-fun—and profound—class, you will also learn many psychic tools to get over more of the judgments within your mind that have plagued you without you knowing it. You'll learn to apply those tools in your daily life so that you can catch yourself whenever you are living in judgment of yourself, of others, and of the world around you. Applying what you learn in this class in your daily life will certainly lead you to waking up and living much more of the Joy of Spirit.

TELECLASS 4: Sunday, December 6 / 1 PM - 3 PM

**Psychic Shape-Shifting to Transform Your Life**  
***From Grumpiness to Grace***

How would you like to learn to shape-shift? Of course, generally, shape-shifters are considered to be those who can change their physical form at will. But, if form fits function, wouldn't your form change as you change the way you are and live? When you're angry, you might scowl and tighten up. Isn't that a kind of shape-shifting? When you're happy, you break into a smile and can even brighten up a whole room. Your form changes with where you're at in relationship to yourself and your life, even momentarily. Over time, we see those who have been consistently grouchy a good portion of their lives becoming fixed in a rigid, brittle form, whereas those who have been mostly happy throughout their lives moving more gracefully through their day. Yes, we all shape-shift naturally, but often fail to notice it ourselves.

What would happen, however, if you could psychically shape-shift at will? How can you learn to fundamentally transform your life by shape-shifting yourself from any kind of unhappiness to a more joyful state of being? Wouldn't you like to shape-shift yourself from any kind of grumpiness into living more in the effortless dance of grace?

The purpose of this class is for you to be able to do just that. We could call it transforming your life one grumpy moment at a time! In this class you'll learn what makes you unhappy and how to shift from that state of mind to another more joyful one. You'll learn about your capacity to have or receive more of Life's All-Givingness and abundance. You will learn many psychic tools to help you shape-shift yourself from grumpiness to grace that you can apply in your life every day so that you can live more of the Joy of Spirit.

***Michael & Raphaelle Tamura***

Whether you join us for one of these teleclasses or all of them, you will be invited to join us on Sunday after all of them are done for a bonus Zoom Video gathering. You'll have a chance to ask questions you might have from the classes, as well as "hang out" with us in a more social space where we'll "talk-story", while we sip on our cups of tea or enjoy a bowl of ice cream or visually share a snack! Learning happens in many ways and it's often important to have a few hours to just relax, communicate, and enjoy one another's company after spending a concentrated period of time in classes. It's a great time for beginning the all-important process of integrating what you learned. This is a fun bonus session we enjoy having with all the class participants.

To register for any or all of these teleclasses or for any information, please call our office at 530-926-2650 during normal business hours Pacific Time Monday-Friday. Hope to see you in class!
